

Viva the flower store

Spring 2009

It's hard to believe that it's been 12 months since we redeveloped our beautiful store!

So what have we done with all that extra space?

Extra room for our florist to work, space for a large fresh flower cool-room, a beautiful area to sit with our brides to discuss their wedding flower requirements, a distinct display area for all our wedding and event hire, extra retail and fresh flower display and our favourite - the anticipated return of the **Viva Fresh Flower Workshops**.

We held our first workshop in the new space in August. 14 ladies enjoyed the environment and all left with three very decent fresh flower arrangements (I must make the next workshop more challenging . . . just kidding!) More workshops will be held during December. Please visit the Workshops page on our website for more details and how to book.

So now Spring is upon us and we are looking forward to our first spring weddings coming up in September. Ranunculi, freesias, tulips yum!

October will bring us the start of the beautiful field roses, including David Austin roses - apparently the season is running 3 weeks early! Which could also mean that Peonies may start earlier this year - perhaps late October through to early December if we are lucky!

In store now are poppies, freesias, tulips, oriental lilies, molluca balm we are starting to see the first of the new season pussy willow and the cymbidium orchids are just stunning.

New to giftware coming soon Lou Harvey Beach Bags (a bag you can fit everything in - they're enormous!)

Keep posted for our Christmas newsletter, and please visit our new look website for the latest information and beautiful images of what is happening at Viva the Flower Store.
